

## TROOP ONE CANOE TRIP ON THE BLUE RIVER

Troop 1 had a great trip last weekend on the scenic Blue River as the group travelled twelve miles. Several new records were set including the individual record for most capsizes in a single day as well as the team record for the most combined unintentional capsizes. This was a truly remarkable effort considering the very placid nature of the river last weekend.

A whole new category was established as a special citation goes out to the (unnamed) Scout who mentioned to fall asleep not once but twice while kayaking. This is a truly remarkable event which was a spectacle to behold as the kayak drifted aimlessly in circles while its captain slumbered. Luckily there were no waterfalls to contend with on that part of the river.

Despite these little adventures, a good time was had by all. The troop worked very well together throughout the trip and camp set-up and take-down was done very well under boy leadership. The group made good time on the river considering the number of stops – both planned and unplanned - that were made.

A special thanks goes out to Dick and Mary Lambert, owners of the Old Mill Canoe Rental in Fredricksburg. This is our 40<sup>th</sup> year of canoeing with them. Wow! A few unnamed leaders were the age of the scouts today when they made their first canoe trip years ago.

**THIS WEEK'S PROGRAM** is our both Australia and on summer camp preparations. We will be showing videos made by the 5<sup>th</sup> City troop of Brunswick . They, like us, are a very interesting group. We also hope to hook up in a live video conference with Melbourne, Australia this evening.
